PROJECT

- **Wood Block Cutting Machine & Block Splitting Machine**
 - > To reduce the time, size and human effort.

This wood cutting tool enables smooth cutting of long wooden logs in to smaller wooden block. This tool is used to cut through wood in precisely controlled sizes. The blade in the wood cutter cuts away slices of wood making it useful for carrying logs and is also useful for storage purpose.

Wood splitter is a Machine used for splitting fire wood from soft wood or hard wood logs that have been pre-cut into sections of wooden blocks. This wood splitter also splits wood in any shape and size making it convenient for burning purpose. Since this Machine is very compact, it is easy for storages.
