SKILLS

Technical Skills

System Work , MS Office, MS EXCEL, C

Area Of Interest

Financial sector, System Development, Web Development, Hardware Development

PROJECTS

Project Name : Camera Based gesture Recognition system For deaf And dumb Using Matlab

Role : Project Developer

Team Size : 4

Project Duration : 3 Month

Project Detail

Human beings have a natural ability to interact with their external environment. But there are also some people who are differently-abled to use their senses to the best extent possible. Such people depend on other means of communication like sign language. It is very difficult for them to communicate with normal people. Here we have conveyed the project which helps the disabled to convey their needs through comments with specific gesture.
