2020	<b>Government polytechnic College, Krishnagiri</b> DME 86%

### Skills

---

Air Hose management.  
Communication skills  
AutoCAD design  
Technician in torque  
Heavy Machinery operator  
Ms Office

### Projects

---

#### Design and Fabrication of electric cycle.

By using gears and motor with lithium-ion batteries we designed a normal cycle into electric cycle and even setup solar power consumption for minimum speed of 40kmph.  
And the gear motor consists of rack and pinion section which gives extra speed by fixing the gears so that the acceleration may be high and easy to drive and save energy.

## **Achievements & Awards**

---

Best rework performance in HCV section in Ashok Leyland.

## **Interests**

---

A Good team work
